

# Risk management strategies

## Protecting **your** workplace

Is your organisation managing all aspects of contractor safety in accordance with legislative and procedural obligations?

- » Do you have a formal contractor Safety Management System?
- » Are your contractors approved suppliers?
- » Do they have a formal OH&S system?
- » Do your contract supervisors formally monitor the contractors' performance?

A background image of the Earth as seen from space, showing the continents and oceans in shades of blue and green. The image is positioned at the bottom of the page, behind the ACSIS logo and text.

Approved Contractor Safety Information System

# Benefits of using ACSIS

## Don't gamble with Contractor Safety Management

- » Global Risk Management Services are specialist consultants in the field of Contractor Safety Management. We have supported a number of Organisations in effectively managing their contractor's OH&S performance requirements.

*Spartan Safety Solutions is the software and systems division of Global Risk Management Services who offer an end-to-end solution to managing contractor safety. The system simplifies the entire process for all Contract Supervisors and OH&S Personnel within the organisation.*

## Benefits of ACSIS

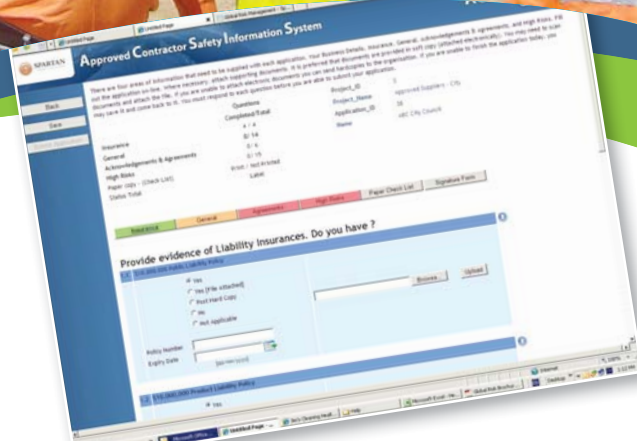

- Easy for you and your contractors to use
- No cost to your contractors
- Web based database allowing access from anywhere there is internet access
- Automated email reminders sent to you and your contractors for expiry of insurance
- Designed specifically for Australian Companies
- Allows contractor evaluation in-house
- On-going contractor monitoring
- Direct access to your contractor details, insurances, OH&S system documentation, licences and qualifications
- Secure on-line environment

## Supplier Application

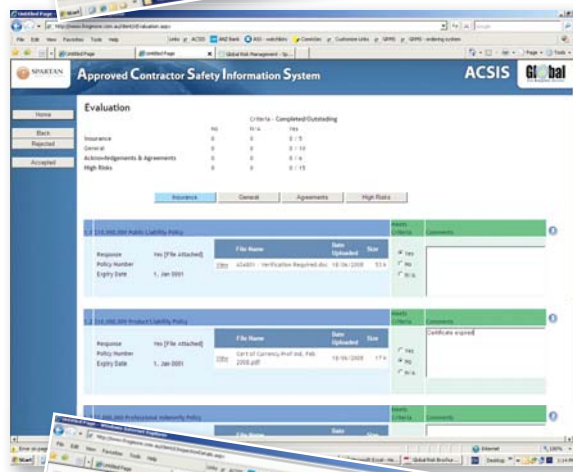

Suppliers enter information on-line including:

- Insurance documentation
- Licences and Certificates
- General OH&S System details

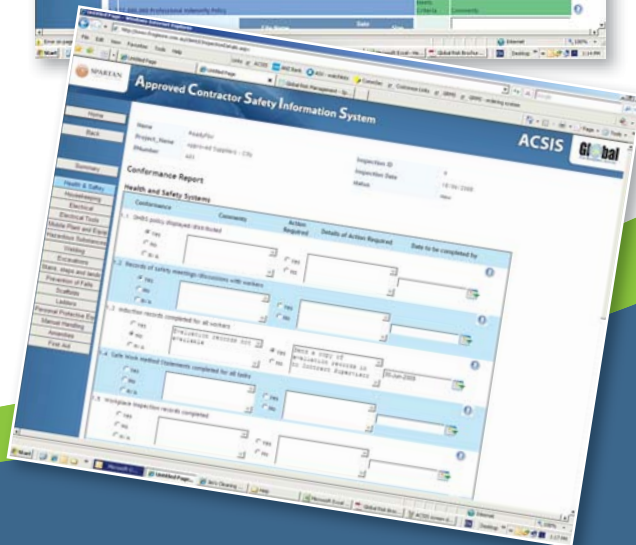

## Contract OH&S System Evaluation

Use the system to receive and process applications on-line. Use our complete templates on-line for this entire process.

## Contract Management

Use the templates and on-line processing to monitor contractor compliance and receive automatic reminders of when insurances and reviews are due.
